- tired/sick of
- (un)aware of

HOW TO PLAY THIS GAME

**Play in groups of three.
2 players and one judge.**

**You will need one copy per student,
and coloured counters or different
coloured pens or pencils.**

Instructions:

Each player takes turns choosing a square and saying the dependent preposition.

The judge then decides if it is correct (or incorrect)

if it's correct, the player takes the square.
If incorrect, then they don't.

The first player who connects four squares in a row is the winner!

Then the players can change roles and the judge can play the winner.
